

Create an account

In order to create an account on the Community Platform, click on “Community” on the main menu of the webpage.

If you are new to our Community of practice, choose tab Create account, and click the Create your account button. This will lead you to next page with a form to fill in, as shown on the next image.

Create an Account

1 Registering for this site is easy. Just fill in the fields below, and we'll get a new account set up for you. It's that simple.

Account Details

Username (required)

Email Address (required)

Edit your profile

When you are logged in you will see a new menu bar on the top where you can access all the options on your profile.

If u want to change any information, you can access your profile edition page clicking on “Edit” under the “Profile” submenu.

Here you will see all the information present on your profile, and also the possibility to change your profile picture and the cover image of your profile page.

Groups

Groups are a way to organize the information and also be part of groups inside the community that will discuss different topics. If you click the Groups menu on the Top bar or in the right Sidebar you will access the Groups main page.

In this page you will see all the groups and in the right sidebar you can filter by “All groups”, “My groups” or Create a new group on your own, setting the name, description, permissions.

When you access a group you can share your thoughts inside the group with the rest of the members and also share documents or see the ones already linked inside a group clicking on the **Docs** link in the right sidebar.
